

CASE STUDY

**FIRE & SMOKE DAMAGE**

**WAFFEN FAMILY**

CLEVELAND, OHIO

**November 2008** - Wayne Waffan and his wife were shopping when they received the devastating news that their home was on fire. After the flames were extinguished, they were left to survey the damage. Unfortunately, many of Wayne's father's paintings had been damaged by heat & smoke, and seemed a total loss.

*"Seeing it so severely damaged, I thought it was lost for good."* - Wayne Waffan

Using proprietary technology, the experienced staff at ART was able to clean and repair Mr. Waffan's oil paintings back to pre-loss condition. The result was no less then remarkable, and the policy holder was very pleased.

**BEFORE**

**AFTER**

*"I cannot thank them (ART) enough and I am sincerely grateful the legacy of my father's art can be enjoyed by future family generation as he had intended."*

-Wayne Waffan
